CAREER OBJECTIVE

I am a highly motivated Front-End Developer with a strong foundation in HTML, CSS, JavaScript, and React, skilled in building responsive, user-friendly applications. I am passionate about solving real-world problems with clean, scalable code and contributing effectively to collaborative teams.

Education

SA engineering college, BE in Electronics and Communication

Sept 2021 – Apr 2025

- GPA: 7.67/10
- Coursework: Analog and Digital Electronics, Microprocessors and Microcontrollers, Computer Networking.

Experience

Front-End intern, HexMeta Solutions – Chennai

Apr 2025 - Aug 2025

- Collaborated with the development team to design and implement user-friendly interfaces. Assisted in Building responsive and dynamic Web-pages using JavaScript, HTML & CSS
- I Gained Experience in React & API Integration Improved web accessibility and ensured cross-browser compatibility
- I learned about Reusable code with Structured pattern and State Management.

Projects

Authentication System with Firebase (React + OTP)

- Using **React**, I developed a mobile number and OTP authentication, integrating **Firebase Auth** for secure user flows and implementing a responsive UI with **Bootstrap** and **Tailwind CSS**.
- **Tools used:** React, Firebase, Integration of REST APIs, Authentication

Recipe Explorer — React, Axios, Hooks

- Built a React single-page application that integrates a third-party recipe API using Axios GET to fetch and render 100+ image-rich recipe cards, added search and pagination with query-param filters, and optimized client-side rendering to cut initial load time by ~30% while improving user interactions by ~25% through clearer empty states and conditional rendering.
- **Tools used:** React, REST API, JavaScript, Bootstrap

Technologies

Languages: JavaScript, Java, SQL, Python, C.

Front-end: React, HTML, CSS, Javascript, Typescript.

Library: Bootstrap & Tailwind , Redux-React, Axios .

Back-end: Node.js, MongoDB, REST APIs.

Deployment and Tools: Git and Github, Streamlit, Postman.

Certifications

Full Stack Development- Provider: Wipro | Duration: 6 months.

Programming in Java - Provider: NPTEL | Duration: 6 weeks
